

Hobby Farm Mix

Major Nutrients

Metabolisable Energy	11.2 MJ/kg
Crude Protein	10 %
Lysine	0.24%
Crude Fibre	6.6%
Crude Fat	2.9%
Salt	1.0%

Major Minerals

Calcium	1.0%
Phosphorous	0.42%
Chloride	681 mg/kg
Potassium	0.44%
Magnesium	0.85%

Trace Minerals

Cooper	9.0 mg/kg
Zinc	22 mg/kg
Manganese	32.7 mg/kg
Selenium	0.12 mg/kg

Vitamins

Vitamin A	30128 IU/kg
Vitamin E	16.6 mg/kg
Vitamin B1	4.0 mg/kg
Vitamin B2	1.46 mg/kg
Niacin	33 mg/kg
Vitamin B6	2.17 mg/kg
Folate	0.27 mg/kg
Biotin	0.13 µg/kg

Hobby Farm Mix is a supplementary feed suitable for hobby farm animals. It can be considered as a good high energy general purpose feed for all animals horses, cattle and goats.

Feeding Rate

Feeding rates are always determined by the initial condition of the animal and the demands placed upon the animal. Owners should ensure that if adequate pasture is not available then sufficient hay as a fibre source should be included in the total ration. Body condition can be determined by the animals top line, rump shape and coat condition. This feed does not include mineral and vitamin premix Mi-Feed recommends the use of a stock block, suitable for the breed of animals being cared for. Adequate clean drinking water must be available at all times. These practices will further enhance the total balance of the diet.

Ingredients

Micronised Barley, Sorghum and Oats, Whole Wheat, Maize, Barley, Lucerne Pellets, Pony Pellets, Sunflower Seed, Limestone, Dicalcium Phosphate, Bentonite Salt and Molasses.
